ALEX MORGAN

alex.morgan@example.com | +1-202-555-0147 | Delhi, India | github.com/alexmorgan-demo

PROFESSIONAL SUMMARY

Entry-level software developer with 2.5 years of combined internship and professional project experience. Interested in backend development, automation, and building reliable software. Comfortable working with Python, SQL, Git, and REST APIs.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL
Web & Backend: HTML, CSS, FastAPI, REST APIs
Databases: MySQL, SQLite
Tools: Git, GitHub, VS Code, Postman

WORK EXPERIENCE

Junior Python Developer — Northstar Digital Labs (Fictional)

January 2024 – June 2025 | *Delhi, India*

- Developed and maintained small Python scripts to automate repetitive data-processing tasks.
- Created REST API endpoints using FastAPI and tested requests with Postman.
- Wrote SQL queries and worked with MySQL tables to retrieve and update application data.
- Used Git and GitHub for version control and collaborative code reviews.

Software Development Intern — Blue Oak Technologies (Fictional)

July 2023 – December 2023 | *Remote*

- Built responsive webpage components using HTML, CSS, and JavaScript.
- Assisted with debugging Python utilities and documenting application behaviour.
- Collaborated with a mentor to review code and track tasks.

PROJECTS

Expense Tracker API

Built a practice REST API using Python, FastAPI, and SQLite to record expenses, categorize transactions, and retrieve monthly summaries.

Student Result Dashboard

Created a small dashboard using JavaScript and SQL to display student marks and calculate grade summaries.

EDUCATION

Bachelor of Computer Applications (BCA) — Example Institute of Technology
2022 – 2025 | Fictional sample qualification
